1119FR

Wall Mounted Drinking Fountain

FEATURES & BENEFITS

Bubbler Head

Polished chrome-plated brass bubbler head features an integral basin shank for added strength, and is equipped with a shielded, anti-squirt orifice that provides a steady sanitary source of water.

Back Panel

Stainless steel back panel helps to protect the wall from inadvertent splashing, and its decorative satin finish increases location visibility and completes the fountains attractive appearance.

Barrier-Free

Barrier-free capabilities combined with its ease of use allows for a number of installation location possibilities.

Finish

Beautiful #4 satin stainless steel finish basin can be easily cleaned and maintained while also resisting corrosion.

Construction

18 gauge Type 304 Stainless Steel construction with vandal-resistant bottom plates provides a long lasting unit with added peace of mind.

All-Weather Capabilities

Fully engineered system with the pneumatic operated freeze-resistant valve installed on the inside wall where room temperature does not drop below 50°F. When valve goes to off position, water left in supply line between valve and bubbler drains back into waste inside cabinet, which allows fountain on outside to function year-round.

OPTIONS

- Cane Touch Skirt: Model SK1, satin finish stainless steel cane touch skirt for installation on high unit to comply with ADA protruding objects guidelines.
- Mounting: Model 6700.4 "Hi-Lo" universal mounting plate for most dual bubbler fountains.
- Support Carrier: Model 6800 universal in-wall mounting support for use with most fountains.

SPECIFICATIONS

Model 1119FR "Hi-Lo" wall mounted barrier-free freeze-resistant drinking fountain shall include dual 18 gauge Type 304 Stainless Steel satin finish basins, polished chrome-plated brass vandal-resistant bubbler heads, polished chrome-plated brass push-buttons which operate pneumatic valves installed on the inside wall where room temperatures do not drop below 50°F, self-draining water lines protect the unit from freezing, polished chrome-plated brass vandal-resistant waste strainers, stainless steel satin finish back panel, high and low fountain mounting levels, and 1-1/4" O.D. waste pipes.

APPLICATIONS

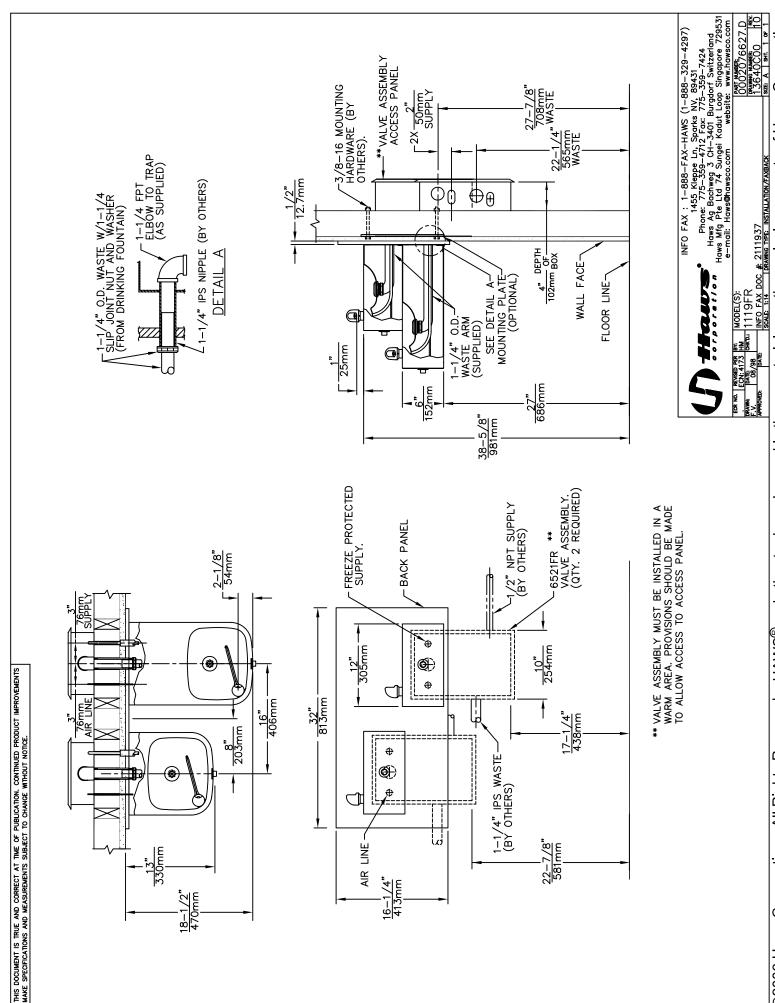

Perfect for either public or private outdoor settings, Model 1119FR is a great fit in areas where aesthetics are important to the overall appeal of the architecture. This series is precisely mounted, making it a nice addition to any surrounding. Beautiful satin finish helps to maintain the fountains overall appeal so it always remains looking as new as it did when it was installed. Specifically, this type of wall mounted drinking fountain may be placed in settings such as: parks, schools, and other facilities where the temperature may drop into freezing conditions.

Model meets all current Federal Regulations for the disabled including those in the Americans with Disabilities Act.
